Re: Infringement of U.S. Trademark Registration Nos. 2,682,647, 3,032329 & 5,660,503

Mr. Johnson:

Please be advised that this firm represents Safety Star LLC ("Safety Star") with respect to trademark-related matters. Safety Star is a leading provider of safety awareness programs and products for employers and workplaces.

Safety Star is the owner of U.S. Trademark Registration No. 2,682,647 for SAFETY STAR for "instruction sheets and posters designed to promote safety on the job", U.S. Trademark Registration No. 3,032,329 for B-SAFE for "bingo-type game cards for use in promoting safety", and U.S. Trademark Registration No. 5,660,503 for BSAFE BINGO for "board games designed to promote employee safety awareness" (collectively, the "Safety Star Trademarks"). A true and correct copy of these trademark registration certificates are attached for your review as Appendix A.

Safety Star has marketed and sold safety bingo products under the BSAFE and B-SAFE trademarks since at least 1992, and under the SAFETY STAR trademark since at least 2001. For example, attached as Appendix B is a copy of my Client's BSAFE safety bingo card.

It has come to our attention that you are illegally using the Safety Star Trademarks on downloadable and printable safety bingo cards. *See Appendices C & D*. Your website at

states, among other things, "Find and customize one of the thousands of ready-made bingo cards, or create your own. Then print as many cards as you need." *See Appendix E*.

Infringement of U.S. Trademark Registration Nos. 2,682,647, 3,032329 & 5,660,503 Matt Johnson

Customers, potential customers, and parties involved in the occupational and workplace safety industry are being misled into believing that your products and games bearing the Safety Star Trademarks are affiliated with, owned by, or approved by Safety Star. We thus consider your unauthorized uses of the Safety Star Trademarks to be an infringement of our rights.

Accordingly, we demand that that you immediately:

- (1) Cease use of the trademarks BSAFE, B-SAFE, and SAFETY STAR on all products and games that you offer, whether digitally or in print;
- (3) Remove any branding, advertisements, or mentions of the trademarks BSAFE, B-SAFE, and SAFETY STAR from all business locations and any other physical locations where your products may be sold or advertised (such as distributors, re-sellers, and retail outlets);
- (4) Remove any branding, advertisements, or mentions of the trademarks BSAFE, B-SAFE, and SAFETY STAR from all online accounts, such as websites, blogs, social media handles, or otherwise, where your products may be sold or advertised;
- (5) Agree in writing to refrain from using the trademarks BSAFE, B-SAFE, and SAFETY STAR, or any mark or logo confusingly similar to any of my Client's trademarks, in the future, in any form, either digitally or in print; and
- (6) Prevent visitors of

 singobaker.com> from generating, printing, or otherwise creating any bingo cards bearing any of the trademarks BSAFE, B-SAFE, and SAFETY STAR.

Infringement of U.S. Trademark Registration Nos. 2,682,647, 3,032329 & 5,660,503 Matt Johnson

My Client is prepared to pursue all available legal remedies to protect and enforce its trademark rights under applicable state and federal laws. If I do not hear from you within ten (10) days of this letter to indicate compliance with the above requests, we shall assume that you have no interest in an amicable resolution. We will then have no choice but to pursue our legal remedies.

Nothing stated in or omitted from this letter shall be construed as a waiver of any of Safety Star's rights, all of which are expressly reserved.

Very truly yours,

Maulin V. Shah, Esq. Attorney at Law

Search Tips

By default, BingoBaker will search the **title, and words/clues** for anything matching your query. Searches are case insensitive. But BingoBaker also has some advanced search operators you can use for better searching.

Quick Examples

```
+title:animals +created:[2020-10-01 TO 2020-10-31]
```

Find bingo cards with "animals" in the title, that were created during October, 2020

```
corpus: "milton friedman" -economics
```

Find bingo cards with a word or clue containing the exact phrase "milton friedman", but nothing in the BingoBaker mentions "economics".

```
corpus:(milton friedman) +created:[2020-01-01 TO *]
```

Find bingo cards with "milton" or "friedman" in any word/clue (with a preference for bingo cards containing both terms) that were created after the beginning of 2020.

```
"milton friedman"
```

Find bingo cards containing the exact phrase "Milton Friedman".

```
milton friedman +items:[50 TO *]
```

Find bingo cards containing the words milton or friedman (with a preference for bingo cards containing both terms) that have 50 or more words/images.

Should, Must and Must Not

You are probably used to using boolean operators like AND, OR and NOT for doing searches. BingoBaker uses different operators + (MUST) and - (MUST NOT). A space is implicit for the SHOULD operator.

Examples

```
sin cos tan
```

At least one of those terms must be in the card, with a preference for bingo cards that include more matching terms. These terms are implicitly joined with a space (which is the SHOULD operator).

```
Milton +Friedman
```

The term "Friedman" *must* be in the card somewhere, with a preference for bingo cards that mention "Milton" too.

```
Economics economy -Friedman
```

Find bingo cards that mention economics or economy that don't mention "Friedman" at all.

You can also use parentheses for grouping.

```
Economics economy - (Friedman Hayek)
```

Find bingo cards that mention economics or economy that don't mention "Friedman" nor "Hayek" at all.

Field Specific Searches (title, corpus, created, images, words, items, clues)

https://bingobaker.com/tips

title: (american history) searches for bingo cards that have "american" or "history" in the title. The parentheses are required if you enter multiple words. Without parentheses, title: american history would find bingo cards with "american" in the title, or "history" anywhere within the card.

corpus: "como se llama" finds bingo cards with that exact phrase in any of the words/clues (the corpus field encompasses every word/clue).

created: [2020-10-31 TO *] finds bingo cards created on or after Halloween 2020.

created: {2020-10-31 TO 2020-12-31] finds bingo cards created after Halloween 2020, but before the new year (use {} for exclusive ranges, and [] for inclusive ranges).

words: [50 TO 100] finds bingo cards with 50 to 100 words (inclusive).

images: [5 TO *] finds bingo cards with 5 or more images.

items: [75 TO *] finds bingo cards with 75 or more words or images.

clues: [25 TO *] finds bingo cards with 25 or more clues.

Note: The free space does not count towards the words/images/items/clues count.
